

## Roll Out the Barrels

Some of the best things in life are free. Rainwater is one of them. Place a rain barrel beneath the downspout on your gutters to collect rainwater from your roof. Rainwater is naturally acidic and doesn't contain chlorine like tap water from municipal systems.

## Use rainwater and you will:

- ♦ Reduce the runoff from your property and help protect water quality.
- ♦ Help your houseplants and gardens to thrive.
- ♦ Save money on your water bill.
- Have shiny hair (remember Grandma's beauty secret).

Ready for a rainy day?

Be Stormwater Savvy

Don't let a good drop go bad!
